

COMMUNICATIONS OFFICER REPORT 2024

Having taken on this role in 2024, I would like to thank my predecessor Georgina Sear for kindly helping me find my way around the technology. The role involves the publication of Write of Way, with editions this year in April and August and an AGM edition, going to (currently) 1655 subscribers, including some non-members of the Area. The role also involves maintaining the social media accounts <https://www.facebook.com/leicsrutlandra> and <https://x.com/AndRutland>, which you can safely follow without being overwhelmed with updates. We welcome articles and news of interest to members, either for Write of Way or sharing on social media. I have also recently taken over management of the Area website <https://leicsra.org.uk>, hopefully temporarily until a new webmaster steps forward.
