

Maps looking for a home

**Self-confessed maps obsessive,
Roy Denney, has a massive
collection which has to go to
enable downsizing. He no longer
walks far and has no need for
them anyway**

**Landranger 1:50,000 199 of 204
Explorer 1:25,000 260 of 403**

**Happy to give them to anybody
wanting the collection**
