

Area AGM 2024 – LRWG report

This year has seen LRWG's membership peak at over 120, although it is now lower but still well over 100, as new members have joined us and others have left. This year was also notable for seeing our first weekend away since the pandemic, in North Yorkshire. Thank you to Barney and Kirsten for organising this successful and enjoyable trip away.

LRWG continues to offer a somewhat reduced programme of walks compared to the previous years. Thank you to our walk leaders who continue to put walks in the programme, but as always we need new walk leaders to come forward.

My thanks once again to my fellow committee members Mark Hewitt (Secretary and Footpath Officer), Phil Vose (Treasurer) and Kirsten McLaren (walks programme co-ordinator) for all they have done for the group over the last 12 months, and thank you to Barney Jones who has recently rejoined the committee as new members / enquirers contact.

Rob Jones, Chair of LRWG
